FARMVILLE

The Hampden Sidney boys are constant visitors to town on account of the presence of the Normal girls, and they are sources of mutual pleasure, one to the other. Now and then the girls give public entertainments at which the boys are most interested lookers on, and then the boys are the actors and the girls clap their hands vigorously and wave their handker-biefs enthusiastically. This is well for education, is not confined to the lecture room. Social accomplishments are as desirable as are school arly. Some one has well said: "Manners are the happy ways of doing things, if they are superficial as are the dew-drops, which give such a depth to the morning when such a depth to the morning meadow." Another has also said: "Manners is eloquence." While thus cultivating the mind let us not neglect the manner of doing things. There is but one school room in which such cultivation can be carried, and that is to be found in polite social circles, where men and women, boys and girls, meet and mingle in happy converse. The boy who does'nt know how to conduct himself in the parlor will hardly know how to conduct himself in the pulpit, and the girl who does'nt cultivate the true graces of life will be sadly deficient in most desirable accomplishments and far from being the ideal woman.

No farmer longer complains of the frost bite to tobacco plants as they nestle snugly and securely under the canvass covering It is a pity that the same protection can not be resorted to in our gardens and orchards. There is certainly no good reason why it should not be applied to at least a few squares of the garden.

A red hot political fight in the county would be something new with us, and I verily believe the people would rather enjoy it. I have had the late Col. W. W. Forbes to give me most interesting accounts of the ante-bellum contests in Buckingham. We might not be able to reproduce them in all their force and fury, but we might arrange something like them and least break somewhat upon the dull monotony of every day life. I, for myself, would love to attend another old fashion barbecue, or a well ordered Brunswick stew and hear the orators "orate" and the eagle scream. I don't know even my county statesmen and "gems of purest ray serene" may be all about me and I in the meantime all unconscious of the fact. Stir up some fun in historic Appomattox Mr. Editor, and it may spread to Prince Edward and around us too. If the Republicans were alert they would catch us napping and get into harness again.

Mrs. Dr. Pratt has rented a suite of rooms in the home of Mrs. Wade for the next Normal session.

The Misses Davidson, of Lexington, who have been visiting friends in Farmville, have returned to their home.

The Rev. Dr. Graham, who with his daughter has been visiting his son, the Rev. H. Tucker Graham, has returned to his home in Winchester.

Mrs. Mag Edmunds, of Hampden Sidney, who has been presiding over the new pipe organ at the Presbyterian church so acceptably for the past three months, will no longer perform that service, her contract having expired. So long as the Normal session continues there will be no trouble as to a substitute and by that time some one will be in good training to take up the work.

Those was a Confederate marriage in our town recently; that is a daughter of Sergeant R. D. Miller was married and he and Capt. S. W. Paulett put on the "grey," gave the old flags to the breeze, and raised the "Rebel yell." No doubt the groom in the meantime was congratulating himself that "peace hath her victories no less renowned than war."

I am still of the opinion that Richmond wont be big enough to hold "Capt. Sam" and "Sergeant Bob" when the reunion reaches high water mark.

After some waiting and no doubt much worrying, Mr. Garnett is now in charge of the Farmville post office The salary is $2000 and the duties pleasant. Mr. Boggs was fortunate as a democrat to hold on to the position for four years and about two months and that too during a Republican administration.

Prof. E. E. Jones, of the Normal faculty, attended a school institute at Lunenburg recently, and made an acceptable and effective address. His services on such occasions are very much in demand.

The Normal faculty will have charge of the summer school which will be held here this summer and that means a season of rare privilege for the teachers who will attend.

The Board of Supervisors for Prince Edward are willing to spend $100,000 in macadmizing the roads of the county provided the voters give their sanction. This means progress with a big P. I suppose the voters will certainly indorse the issue of the bonds.

Dr. J. L. White, the "beloved physician" of Farmville, fell recently and sustained serious injury, a rib being broken. A hurt to him hurts all of us.

The question hereafter will be not so much where the winter fuel will come from, but where will the spring supply be found.

There are mutterings of a temperance fight in town on the part of the ladies, and as there is but one liquor selling place here the war must open on the dispensary and when it does open it will be "war to the knife and knife to the hilt." It is a great money maker boy who does'nt know how to conduct himself in the parlor will hardly know how to conduct himself in the pulpit, and the girl who does'nt cultivate the true graces of life will be sadly deficient in most desirable accomplishments and far from being the ideal woman.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and limbs and so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months."

For sale by J. R. Atwood, Appomattox; R. J. carter, Prospect, E. F Glover, Evergreen.

King Alfonso may as well prepare for a flood of congratulations, whether it is a boy or tripleta.

Good Words for Chamberlain's Cough Syrup.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever."

For sale by J. R. Atwood, Appomattox, R. J. Carter, Prospect, E. F. Glover, Evergreen.

The dinner brand of politics is getting very popular.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is entitled upon with more implicit confidence than Chamberlain's Colic, cholera and diarrhoea Remedy. During the third term of a century in which it has been in use, people have learned that it is the one reliable that never fails. When reduced with water and sweetened it is pleasant to take.

Why Some Tobacco Is Best

Is well and interestingly told in Virginia-Carolina Fertilizer free almanac by experts on tobacco farming. The free burning qualities of tobacco are greatly impaired by using impure, inferior and "cheap" fertilizers. Insist upon your fertilizer dealer supplying you with high grade

Virginia-Carolina Fertilizers

for they contain no ingredients that will injure your soils like so many other guanos. Use from 500 to 800 lbs. of these fertilizers per acre, according to the strength of your soil—and the growth will be hastened forward two or three weeks. Your yield per acre will be greater, and the quality better—larger leaves for curing good body and excellent finish. Then you will obtain more money per crop. Get one of our beautiful almanacs. It is free but worth $1.00 to any farmer.

Many Interesting Reports Made of Her People.

Announcement.

To the Voters of Buckingham:

After being requested by many of our Democratic friends in Buckingham County, we now announce ourselves as the Independent candidates for the office of Sheriff of Buckingham County. We appreciate the kindness of our Republican friends in endorsing our candidacy and they have our thanks, but we want it distinctly understood that we are Independent candidates for this office and have been all the time, and have been endorsed by our Republican friends. Knowing the duties of this office we feel that we can manage the affairs of the office with due credit to ourselves. Thanking you for your consideration expressed heretofore and bespeaking your further consideration, we are, Yours faithfully,

C. D. McCRAW
F. A. GARGOU.

Buckingham.

The correspondent from Arvonia in last week's issue of this paper has an article on a question it is well to consider now, that of whether intoxicating drinks shall be sold under license in this county and he calls on candidates for the Legislature to come out and declare themselves on this question, to say if they are in favor of the Mann law, or not. There is not a licensed barroom in Buckingham and while some little violation of the revenue laws in the traffic of unlicensed whiskey and brandy has gone on, and will go on, it must be noticeable to those who come here to Court and on other public days how much more orderly and well behaved the crowds are since no bar-rooms are here. It does go against the grain with some to have to send off and buy their whiskey, or do without their accustomed drink, but even drinking men dislike to come in contact with drunken men, especially when they have business on hand.

It is a fact worthy of note that Judge W. H. Mann got a majority in this county when he was the primary was held in which he was a candidate for the nomination for Governor.

It was somewhat of a surprise that Hon. Camm Patteson should withdraw from the contest for the contest for the State Senate though it was known his health was very bad.

Mr. W. D. Patteson is a candidate for the Senatorial nomination at the hands of the Democrats from the Albemarle district.

Our neighbor the "Southside Virginian" is giving some mighty good advice to some of the candidates for county offices in this county. Democrats are going to vote for the nominees of the Democratic party, unless, indeed the party should be so unfortunate as to place in nomination men who are not true worthy, and this I trust they will not do.

There is a report in circulation here that several plant beds have been destroyed in the northern part of the county by some enemy of the men who owned the plant beds, the report at this writing lacks confirmation, so I will not give names and particulars this week.

That was a fine letter Uncle Van had in last week's paper. I told him one time, that he ought to write for the magazine, but he said his writing was like a man he said who was cleaning up a new ground and being asked why he was doing it, he said only as a matter of pastime or diversion, and Uncle V. says this is the way he writes, just to pass the time off. He certainly has a quaint way of expressing himself, peculiarly his own.

I never knew as many ties to be hauled to Jillwyn at this time of year, and some days hundreds of dollars are paid out there.

Buckingham men have secured a controlling interest in the telephone line running east and west through the county and now it is hoped this line may be extended and the service improved.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and limbs and so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and nearly came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months."

Southside.

We can sympathize with your Andersonville correspondent in his seige against the grip, or grab, for, as the old darkey said, "We've been there." A good friend expressed just the sentiment when he said, "I takes you so long to get well, after you get well."

Every one is just full of talk about going to the Exposition, but alas, many of us are not so fortunate as "Uncle Van" and haven't cousins or other friends living near Jamestown with whom we can stay and "see the sights." We hope he will go soon, have a good time and tell the TIMES about his trip, in his own expressive, entertaining way.

In spite of the unfavorable weather everybody is busy and hopeful, getting in another crop. Wheat generally is looking well. We fear there will not be much fruit, possibly some apples. Some of our neighbors have chickens large enough to fry.

Miss Elvyn Coleman and brother, George, and J. T. Coleman attended the burial of their uncle, Mr. P. G. Wingfield, at his home near Red House on the 3rd inst. Services were conducted by Revs. Hubbell and Paisley, and many friends and neighbors gathered to pay a last tribute of respect and strew beautiful flowers on the newly made grave of one who was held in high esteem by all. Mr. Wingfield was about 74 years old and was born and raised in Albemarle county. He came to Appomattox about 50 years ago and was extensively engaged in the saw mill business here and in Charlotte county. He was a man of fine sense, a born machinist, and of a gentle and kindly disposition. We have known him and known of him all our life and never heard him speak evil of any one and am sure he had not an enemy. He married a Miss Coleman, eldest daughter of Mr. S. P. Coleman, deceased, and leaves one son, Mr. S. H. Wingfield, and 8 grand-children of Charlotte, and brothers and sisters and other relatives in Albemarle. We extend our sympathy to the bereaved ones.

Miss Jennie Wingfield and Mr. Gene Wingfield, of near Charlottesville, attended the burial of Mr. P. G. Wingfield May 3rd.
